Rocky Mountain Partnership

About the Rocky Mountain Partnership

Who We Are

We, the Rocky Mountain Partnership, are a coalition of cross-sector partners and community members committed to working TOGETHER to achieve the vision and mission outlined below. **We engage a 501c(3) that employs a dedicated team**, known as the backbone team, separate from participating organizations, to drive the shared work.

Vision

Every community member in Adams County, City of Arvada, the City of Aurora, and the City and County of Broomfield, regardless of race, ethnicity, gender, age, zip code or circumstance, **has the opportunity to earn an income that allows them to take care of themselves and their families, and thrive from cradle to career.**

Mission

We come together to solve challenging problems that stand in the way of community members' economic and social mobility. We do this by understanding what those most impacted by decisions are experiencing, building on what works, deploying new and innovative strategies, and supporting dollars to go to the things that work.

Our Work

We have prioritized four areas where this network is uniquely positioned to engage in innovative collaborative projects. These are highlighted on page 3.

What We Need Your Support For

Our success depends on the neutral backbone infrastructure that brings us together so everyone can do their pieces well in a more coordinated way, and also helps to fill the gaps for what is not already in place to meet our goals. **We invite you to stand shoulder to shoulder with us as a an Individual Investor by investing in this infrastructure.**

Overview of Our Work

We have always believed that TOGETHER WE CAN DO BETTER. RMP continues to be a place where people can come together and find common ground. **To that end, we have prioritized four areas where this network is uniquely positioned to engage in innovative collaborative projects that:**

- Are not duplicative of efforts already underway through partner organizations or elsewhere in the region
- Build on or enhance efforts partners are already working on
- Fill critical gaps to support better coordination and cohesion across efforts

Goal 1: Increase the supply of talent to Top Jobs and jobs in critical sectors

Goal 3: Increase the availability and accessibility of attainable housing

Goal 2: Employers improve how they hire,retain, and promote diverse talent

Goal 4: Distribute funding to reduce the impacts of the opioid crisis

2022 Accomplishments

Launched interactive **data, information, and resource hub dashboards** for our priority areas to help drive action

Mobilized a community coalition to help **pass a mill levy override** for the third least funded school district in the state

Began working with 14 employers to **improve how they hire, retain, and promote diverse talent**

Supported community members and regional decision makers to **co-design an affordable housing community**

Aligned over **$4 million in American Rescue Plan Act (ARPA) funds** to support efforts across the region

Launched the first iteration of a data and information hub to **illustrate the supply of talent to Top Jobs**

Launched the Regional Housing Roundtable to **foster synergy between local government and housing**

Convened a Regional Opioid Council to determine how regional funds will be distributed to impact the opioid crisis
